Management Discussion And Analysis

Industry Structure and Development simultaneously

India is a treasure trove of stones, possessing a wide spectrum of dimensional stones viz. Granite, Marble, Sandstone, Limestone, Slate, Quartzite etc. spread out all over the country. The quality of deposits is outstanding and Indian stones are known for their strength and vibrancy. Indian Stones conform to the highest International Standards and provide excellent uniformity and consistency and have been used in several well-known buildings all over the world.

The marble industry in India has been flourishing ever since ages, which has made India the fourth largest producer of marbles in the world after Belgium, France and Greece. The Indian marble industry is not only confined at production or supply of the marbles but export of highly acclaimed stones such as blocks, flooring, calibrated (ready to fix tiles), monuments, slabs, structural slabs, tomb stones, cobbles, cubes, sculptures, artifacts, pebbles, kerbs, and landscape garden stones has also been its important part.

The constant growth of Indian marble industry is because of the reason that they are highly acclaimed and possess characters like low cost, beautiful looks and longevity. The industry is also equipped with state of the art resource of machinery and tool manufacturers who cater very well to the rising demands of this sector.

While being the third largest exporter of stones in the world, India is also amongst the largest consumers of stones and stone products. With a well-established distribution network within India, the Indian stone industry caters well to the domestic demand and rising aspirations of the burgeoning middle class of India.

Opportunity and Threats

Factors affecting the demand & supply of marble in India- The studies indicate that the demand and supply of marble both have an increasing trend. But at present the demand of marble is growing faster than the supplies. The reasons which affect the demand and supply of marble in the country are explained here:

- Increase in Usage of Imported Marble

The usage of imported marble is on the increase and is in high demand from construction in high end apartments/ houses, hotels, shopping malls, industrial houses etc. Imported marble being available in vibrant natural colors is liked by one and all and is used for flooring as well wall cladding.

- Decrease in growth rate of construction activities.

The recession of 2008 has affected the construction sector as a result there had been turbulence in the construction sector, however, the demand for the high end marble is on the increase since the affordability of the upper and upper middle class is increasing day by day.

- Global Recession

Despite the fact that the world economy is facing the recessionary trend for past two-three years, the Indian economy is continue to grow at 8%-9% and the demand for the high quality imported marble is increasing. The government of India has increased the quota of Import License from 3lakhs MT to 5 lakh MT in the recently declared Import Policy for marble announced on 4th August 2011 which confirms the increasing demand in the Indian market for the Imported marble. Despite the meltdown of Greece Economy, the export of marble stone from Greece has increased tremendously during last two-three years which shows that there is no affect on the demand of import marble across the globe.

- International Disturbances

Major disturbances in the world and especially in the Indian subcontinent have attributed to decrease in exports of marble from India, however, due to peaceful environment in India, the import of marble from Europe and Far East does not face any problem. Even during the problems in Egypt and Turkey, the imports had been regular in the recent past.

- Other Marble Producing Nations

Countries like China, Italy, Greece, Spain etc. are not only producing good quality of marble, but they have reduced their prices in the recent past as a result the Indian export of marble has reduced considerably and the import of marble stone from these countries have increased substantially.

- Impact Of Government Policies On Industry

The Government has introduced many new laws pertaining to the proper and sustainable development of marble industry, and these are well received by the persons related to the industry.

- Removal of Excise duty:

The Central Excise Duty on marble is charged @Rs.30 per sq.mtrs since the Indian marble ranges from Rs.20 to Rs.150 per sq.ft. whereas the Imported marble ranges from Rs.150 to Rs.1000 per sq.ft. and it is very difficult to fix the advaloram rate for the marble. The streamlining of duty structure by the Government has helped the industry in long-way in reducing the litigation with regard to levy of duty since there had been plethora of disputes between the industry and the revenue departments with regard to applicability of duty/rate of duty during 2003-2006.

- Manufacturing Status to Marble Industry

Prior to 1st March 2006, the marble processing was not considered as manufacturing as a result, most of the public sector banks were not financing the marble unit engaged in processing of marble. With insertion of Chapter Note 6 to the Central Excise Tariff, the cutting and polishing of marble has brought under the definition of manufacturing. With this change, the government has shown its intention to give marble processing an industry status.

- New marble policy

The new import policy of marble declared on 4th August, 2011, the Government has increased the quota of Special Import License from 3 lakhs tons to 5 lakhs tons thus facilitating the manufacturers with adequate quantities of raw materials.

Performance of the Company

The Company has grown significantly during last five years as follows:

Year	Turnover ('in Millions)	Increase in %
2006-07	785	55%
2007-08	1049	34%
2008-09	1116	7%
2009-10	1322	19%
2010-11	1422	8%

As evident from the above figures, it is evident that the Company has registered Annual Growth Ratio of about 24% for last five fiscal and the turnover of the Company is likely to be doubled in next two years in view of the additional capacities set up at Greater Noida, Gumidipoondi and Singur Unit of the Company.

Revenues

The Net Income of the Company increased by 7.46% i.e., from ₹ 132.06 Crores in 2009-10 to ₹ 142.23 Crores in 2010-11.

The Earning before interest, depreciation and Tax (EBIDTA) increased by 7.47% i.e., ₹ 13.29 Crore in the year 2009-10 to ₹ 14.28 Crores during the year under review. Reduction in operational costs and utilization of capacities of the units set up by the company has resulted in increased EBIDTA.

Raw Material

The Consumption of Raw Material decreased by 29.76% i.e., from ₹ 125.05 crores in 2009-10 to ₹ 87.83 crores in 2010-11.

Manufacturing Expenses

The manufacturing Expenses increased by around 42.47% i.e., from ₹ 4.76 crores in 2009-10 to ₹ 6.78 Crores in 2010-11 on account of operationalization of Gumidipoondi and Singur unit of the Company.

Staff Cost

The staff cost increased by around 16.22% i.e., from ₹ 3.48 Crores in 2009-10 to ₹ 4.04 Crores in 2010-11, on account of annual increase in the emoluments of the personnel of the Company and employment of additional manpower in the Company employed for handling the expansion programme of the Company at Greater Noida, Gumidipoondi and Singur.

Finance Cost

The finance cost increased by around 7.73% i.e., ₹ 7.68 Crores in 2009-10 to ₹ 8.28 Crores in 2010-11 due to introduction of additional working capital during the year under review and interest on capital expenditure in respect of imported machineries installed at the Greater Noida, Gumidipoondi and Singur units of the Company apart from increase in the interest rates by the Banks.

Administrative & Selling Costs

The administrative and selling costs reduced by 6.73% i.e., ₹ 6.72 crores in 2009-10 to ₹ 6.27 crores during 2010-11 on account of streamlining of administrative and selling costs.

Depreciation

Due to implementation of the Singur Unit of the Company during 2010-11, there had been capitalization of building, plant and machinery and accordingly the depreciation for the year increased by around 2.98% i.e., ₹ 128.65 lakhs during 2009-10 to ₹ 132.49 lakhs in 2010-11.

Profits after Tax

The Profit after tax increased by approx 15.53% i.e., from ₹ 2.63 Crores in 2009-10 to ₹ 3.03 Crores during 2010-11. Better capacity utilization and reduction in manufacturing costs resulted in higher operating margins and increase in profits of the Company.

Earning Per Share

The EPS increased to 2.05 per equity share in the year under review from 1.77 per equity share for the previous fiscal 2009-10 thus registering a growth of 15.82%. The increased profit after tax resulted in higher EPS during the year under review.

Reserves & Surplus

The Reserves & Surplus increased by 6.80% i.e., from ₹ 44.71 Crores in 2009-10 to ₹ 47.75 Crores in 2010-11.

Loans

The overall loans in the Balance Sheet increased by 3.03% i.e., from ₹ 126.21 Crores during 2009-10 to ₹ 130.24 Cr in the year 2010-11 on account of temporary increase in the Cash Credit account towards issuance of cheques and availment of higher credit limit in buyers account.

Gross Block

The Company's gross block of fixed assets (including capital work in process) increased from ₹ 35.80 Crores in 2009-10 to ₹ 44.02 crores on account of ongoing expansion projects of the Company.

Inventories

Company is sourcing raw material from overseas and the transit time is comparatively higher resulting in higher levels of raw material. Moreover, marble is processed and presented in various colours, designs and sizes thus require large inventory. The pan-India presence with owned marketing outlets at Delhi, Mumbai, Kolkata and Chennai with huge inventory holdings resulted in additional inventory requirement. The inventory increased by approx. 11.31% during the year under review due to additional requirement of raw material and finished goods in view of the increased capacities of the units and requirement of holding of finished goods at owned marketing outlets of the Company..

Debtors

The Company's Sale increased by around 7.46% whereas the debtors increased by 19.73%, during the year under review. The increase in debtors has been due to poor and sluggish market conditions in the real-estate and construction sector.

Cash & bank Balances

The cash & bank balances decreased by around 30% due to the optimum utilization of resources in the operations of the Company.

Sundry Creditors

Sundry Creditors for goods increased by 61.57% i.e., from ₹ 10.59 Crores in 2009-10 to ₹ 17.11 Crores in 2010-11 due to additional requirement of raw materials and consumables for the increased capacities of the Company during the year under review.

Risk and Concerns

The recession in the international trade during 2008 and 2009 hugely affected the construction and real-estate sector in India which affected the flooring industry in a big way. With its major markets including the US and Europe badly hit by recession, the stone industry in the developing countries is clueless on its survival other than seeking government assistance..

Granite and stone importing countries such as the US, China, Italy have largely reduced their demands. According to experts, India's granite and natural stone exports could be down by 15-20 percent this year but it hardly affects the company's business since its entire turnover is from the domestic sale.

Risk impact

Recent global meltdown in realty and housing sector and Industry downturns might impede infrastructure development in user industries like real estate, SEZs, industrial, urban and marine infrastructure, aviation, adversely affecting the Company's business and earnings.

Risk mitigation

Over the last several decades, the Indian marble and granite industry has been greatly modernized to meet global standards. Natural and Engineered/Fabricated stones, sculptures and monuments processed in India have been used in large scale by the large infrastructure companies has immensely helped in revival of the marble and granite industry in India as the housing and construction sectors has gained considerable momentum in the year under review.

Risk measurement

The Company's share in the premium quality marble flooring industry increased considerably as it is the only company having processing units in National capital Region, Eastern and Southern India.

Internal Control Systems & their adequacy

The Company has state of art marble processing plant at Greater Noida in Uttar Pradesh, Gumidipoondi in Tamilnadu and Singur in West Bengal, which are comparable to the best in the Country, equipped with requisite machinery. A strict 100% inspection system is adopted right from selection of rough blocks to final inspection. The Company maintains best quality standards to meet the ever changing expectations of buyers country-wide, be it in terms of product quality or delivery.

The Company is concentrating on continual improvement through implementation of ISO 9001:2000 Quality Standards and also total productive maintenance activities, thereby achieving higher productivity and reduced costs.

The scope and authority of the Corporate Audit department is derived from the Audit Charter approved by the Audit Committee. The Charter is designed in a manner that the Audit Plan is focused on the following objectives:

- Review of the identification and management of Risks
- All operational and related activities are performed efficiently and effectively.

- Opportunities identified during audits for improving management control, business targets and profit- ability, process efficiency and the organization's image are communicated to the appropriate level of management.
- Ø Shareholders' and other Stakeholders' wealth and welfare are preserved, protected and enhanced

Statutory Compliance

On obtaining confirmation from the various units/departments of the Company of having complied with all the statutory requirements, a declaration regarding compliance with the provisions of the various statutes is made by the Managing Director at each Board Meeting. The Company Secretary ensures compliance with SEBI regulations, provisions of the Listing Agreement. The Compliance Officer for prevention of insider trading ensures compliance with the Company's Guidelines on Insider Trading.

Contingent Liabilities

Details of contingent liabilities are given in Schedule 20 of the Notes on Balance Sheet and Profit and Loss Account.

Material developments in Human Resources/Industrial Relations front, including number of people employed.

The key personnel manning the marble processing unit, mining operations in Orissa, Marketing, Finance, Legal, Planning are technically and professionally qualified. Continuous in-house training programs are conducted in various disciplines, which help in achieving the organizational growth in right direction. The Company maintains cordial industrial relation with its employees and takes all possible care for their welfare.

Shareholder value commitment and philosophy

The Company expects to protect and enhance shareholder value through several initiatives. The comprehensive nature of the Company's financial and business disclosures reflect its increasing transparency.

Cautionary Statement

Statements in the Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in the Government regulations, tax laws and other statutes and incidental factors.

SCHEDULE - 22 : NOTES ON ACCOUNTS
a) Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention in accordance with the generally accepted accounting principles as adopted consistently by the Company and the provisions of the Companies Act, 1956. Accounting policies not specifically referred to otherwise are consistent with generally accepted accounting principles.

b) Use of Estimates

The presentation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and the estimates are recognized in the period in which the results are known/materialized.

c) Fixed Assets:

Fixed assets are stated at historical cost including directly attributable costs of bringing the assets to their working condition and are net of credit under the CENVAT/VAT scheme where applicable.

Fixed assets under construction is categorised as capital work-in-progress. Pre-operative expenditure during construction/trial run of new project net of sales during trial runs and income earned by way of interest for temporary parking of funds earmarked for construction of an asset, are separated from normal revenue heads and allocated to the appropriate assets head under construction and shown as capital work-in-progress and allocated on an appropriate basis to fixed assets on commissioning.

d) Depreciation:

Depreciation on Fixed Assets is provided on the straight line method in accordance with the rates prescribed in Schedule XIV of the Companies Act, 1956 on pro-rata basis.

e) Inventories:

Inventories are valued as under:-

Raw Materials	At lower of weighted average cost or net realizable value
Semi-finished	At lower of cost or net realizable value
Finished	At lower of production/landed cost or net realizable value.
	Appropriate overheads are loaded on absorption costing basis.
Goods in transit	At lower of cost or net realizable value
Stores and spares	At lower of cost or net realizable value

f) Leases

Operating Leases: Rental are expensed with reference to lease terms and other considerations.

The Company has taken commercial / residential premises under cancelable operating leases. The lease agreements are usually renewable by mutual consent on mutually agreeable terms.

The expenses in respect of operating leases are accounted for in Administrative and Selling and Distribution Expenses under Schedule-19 of the Balance Sheet.

g) Revenue Recognition:

Sales of products are recognized when the products are shipped and are stated inclusive of excise duty but net of sales tax, trade discounts and sales returns.

Revenue is recognized when no significant uncertainties exist in relation to the amount of eventual receipt.

The Company generally follows mercantile system of accounting and all income and expenditure items having a material bearing on the financial statements are recognized on accrual basis.

h) Foreign Currency Transactions:

- (i) Foreign currency transactions are recorded at the exchange rate prevailing on the date of the transaction.
- (ii) Gains/losses arising out of fluctuation in the exchange rates are recognized in the period in which they arise.
- (iii) Foreign currency receivables/payables are translated at the relevant rates of exchange prevailing at the year end except in the case of gain where significant uncertainties exist in relation to the actual realization.
- (iv) Premium / discount on forward exchange contracts (including options), which are not intended for trading or speculation purposes, are amortized over the period of the contract. There are no outstanding forward exchange contracts (including options) as at the Balance Sheet date.

Any profit or loss arising on cancellation or settlement of forward exchange contracts (including options) is recognized as income or expense of the year.

i) Excise Duty

Excise Duty is accounted for as and when paid on the clearance of the goods from the factory.

j) Employees' Retirement and Other Benefits

Company's contribution to provident and other funds is accounted for on accrual basis and charged to Profit and Loss Account. Provident Fund is accrued on monthly basis and is deposited with the "Statutory Provident Fund". The Company's contribution is charged to the Profit and Loss Account.

Provision for un-utilized leave benefits is made on accrual basis. Liability for leave encashment benefit is accounted for on the assumption that such benefits are payable to all employees at the end of accounting year.

Gratuity liability is provided for on the basis of Actuarial Valuation. Actuarial gains and losses are recognized in full in the Profit and Loss Account for the period in which they occur.

k) Borrowing Costs

Borrowing Costs that are attributable to the acquisition or construction of qualifying assets prior to commencement of commercial production are capitalized as a part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

l) Miscellaneous Expenditure (to the extent not written off of adjusted)

Mines Development Expenses shall be amortized over a period of five years from the year of the commencement of commercial production.

m) Events occurring after Balance Sheet date:

Significant events occurring after the Balance Sheet date have been considered in the preparation of financial statements.

n) Taxes on Income

Provision for Current tax and Fringe Benefit tax has been determined as per provisions of the Income Tax Act, 1961.

Deferred tax is recognized, subject to the consideration of prudence, on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

o) Impairment of Fixed Assets

At the end of each year, the Company determines whether a provision should be made for impairment loss on fixed assets by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard 28 on "Impairment of Assets" issued by the Institute of Chartered Accountants of India. An impairment loss is charged to the Profit and Loss Account in the year in which, an asset is identified as impaired, when the carrying value of the asset exceeds its recoverable value. The impairment loss recognized in prior accounting periods is reversed, if there has been a change in the estimate of recoverable amount.

p) Contingent Liabilities and Provisions

The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of the obligation can be made.

A disclosure is made for a contingent liability when there is a :

- a) possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully within the control of the Company;
- b) present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation ;
- c) present, where a reliable estimate cannot be made.
