EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

The following statement sets out all material facts relating to Special Business of the accompanying Notice:

Item No. 3

Based on the recommendation of the Nomination and Remuneration Committee (NRC), the Board of Directors at its meeting held on 6th December, 2021, appointed Mr. Suresh Kumar Tanwar as an Additional Director of the Company and also as an Independent Director, not liable to retire by rotation, for a term of five years i.e. from 6th December, 2021, up to 5th December, 2026 subject to the approval of the Members. According to the provisions of Section 161(1) of the Companies Act, 2013 ('the Act'), Mr. Tanwar shall hold office as Additional Director up to the date of this Annual General Meeting and is eligible to be appointed as a Director.

The Company has, in terms of Section 160(1) of the Act, received in writing a notice from Member, proposing his candidature for the office of Director. The profile and specific areas of expertise of Mr. Tanwar are provided as Annexure to this Notice. Mr. Tanwar has given his declaration to the Board that he meets the criteria of independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), and is not restrained from acting as a Director under any order passed by the Securities and Exchange Board of India or any such authority and is eligible to be appointed as a Director in terms of Section 164 of the Act. He has also given his consent to act as a Director. In the opinion of the Board, Mr. Tanwar is a person of integrity, possesses the relevant expertise/experience, and fulfills the conditions specified in the Act and the Listing Regulations for appointment as an Independent Director and he is independent of the management. In terms of Regulation 25(8) of Listing Regulations, Mr. Tanwar has confirmed that he is not aware of any circumstance or situation that exists or may be reasonably anticipated that could impair or impact his ability to discharge his duties.

Given his experience, the Board considers it desirable and in the interest of the Company to have Mr. Tanwar on the Board of the Company and accordingly the Board recommends the appointment of Mr. Tanwar as an Independent Director as proposed in the Resolution for approval by the Members as a Special Resolution.

Except for Mr. Tanwar and/or his relatives, no other Directors, Key Managerial Personnel, or their respective relatives are, in any way, concerned or interested, financially or otherwise, in the said resolution.

Disclosures, as required under Regulation 36 of the Listing Regulations and Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India, are annexed to this Notice.

Oriental's marble processing facilities are based at Greater Noida near Delhi in National Capital Region, Gumidipoondi near Chennai and Singur, near Kolkata, in West Bengal. All the three facilities are fully integrated processing facilities equipped with state-of-the-art machineries namely Gangsaws, automatic Resin Lines with robotic feeds, imported from SEI, Italy, one of the pioneers and leaders in manufacturing machineries for the marble industry, imported automatic Line Polishers and imported Grinding Machines. Thus ensuring that the marble processed by Oriental Trimex is similar to the quality of marble processed in Europe and elsewhere.

Marble supplied by Oriental is preferred by well known architects, major corporate in the building and construction industry, hotels, hospitals, shopping malls, commercial, retail and residential projects. Oriental has procured, processed and supplied marble to the major developers, contractors, hotels and institutional buyers in the Northern region including the Delhi NCR, Southern Region including Bangalore and Chennai and the Eastern Region including Kolkata.

Company is presently operating with its own Sales and Marketing Outlets including factories at Greater Noida, Chennai, and Kolkata for meeting growing demand of Imported Marble. Company is the only processor and supplier of Imported Marble having a PAN India Presence.

Company has its own team of qualified and experienced Marketing staff at all its locations headed and controlled by your Managing Director.

Business performance of the company is directly related with real-estate sector & infrastructure which has entirely slashed down due to pandemic COVID-19. While the immediate months and quarters ahead of us continue to be partly uncertain, I do retain my measured optimism about our future. Our country is steadily expanding vaccination coverage, which is our best hope of blunting the third wave and eventually putting the deleterious effects of the pandemic behind us. Once we push beyond that, the future appears favorable. I wish all of you and your family's safety and good health. Due to this pandemic effect, the revenue of the company remain increased by 1.92% in comparison to previous year. The profit/(loss) of the company before tax is Rs. (537.09) Lacs as comparable to Rs. (259.04) lacs during last year.

CHANGE IN THE NATURE OF BUSINESS

There is no Change in the nature of the business of the Company during the year under review.

MATERIAL CHANGES AND COMMITMENTS, AFFECTING THE FINANCIAL POSITION OF THE COMPANY WHICH HAVE OCCURRED BETWEEN THE END OF THE FINANCIAL YEAR OF THE COMPANY TO WHICH THE FINANCIAL STATEMENTS RELATE AND THE DATE OF THE REPORT;

There is no such material change and commitment.

DIVIDEND

Your Directors do not recommend any dividend for the financial year under review due to loss.

TRANSFER TO RESERVE

The Board does not recommend transferring any amount to the reserve.

THE COVID-19 PANDEMIC

The year started amidst a strict nationwide lockdown in India with tough restrictions on economic activity and mobility. The Company, and indeed the entire real estate sector in India, saw a collapse in construction activity following the lockdown. At that time, there was an unprecedented uncertainty about the eventual impact of the Covid-19 pandemic. This included meeting safety and health related challenges of its people, ensuring business continuity under lockdown and adapting the organisation to ramp-up operations as restrictions were gradually lifted.

The Company is actively monitoring the impact of the Covid-19 pandemic on its financial condition, liquidity, operations, suppliers, industry, and workforce. It has used the principles of prudence in applying judgments, estimates and assumptions based on the current estimates. In assessing the recoverability of assets such as goodwill, inventories, financial and other assets, based on current indicators of future economic conditions, the Company expects to recover the carrying amounts of its assets. The extent to which Covid-19 impacts the operations will depend on future scenario which remains uncertain. Besides this, no material changes and commitments have occurred after the close of the year till the date of this Report, which affects the financial position of the Company

SHARE CAPITAL

During the year under review your there are no change in share capital of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS

The Management at Oriental Trimex Limited is pleased to present the Management Discussion and Analysis Report, which provides an insight into the Company's business, Industry structure, developments, outlook, opportunities, concern areas and performance of the Company concerning the operations and other relevant information. This report forms part of the compliance report on Corporate Governance.

Industry Structure and Development

Marble is a metamorphic rock that forms when limestone is subjected to the heat and pressure of metamorphism. It is composed primarily of the mineral calcite (CaCO₃) and usually contains other minerals such as clay minerals, micas, quartz, pyrite, iron oxides and graphite.

Marble is a highly-fragmented industry with various manufacturers ranging from large multinational corporations to small privately-owned companies. The top ten producers viz. China, India, Iran, Turkey, Italy, Spain, Brazil, Egypt, Portugal and Greece account for just 3.76% of the market. Marble can be classified based on its colour. Beige and Cream marbles are assumed to be the most prevalent kind of marble, considering the large stock of beige marble in Europe. The production of black marble, white marble and green marbles are also considerable.

The global natural stone and marble market size was USD 57.48 Bn in 2019 and is projected to reach USD 62.58 Bn by 2027, exhibiting a CAGR of 7.57% during the forecast period. The world's top ten natural marble producers include China, India, Iran, Turkey, Italy, Spain, Brazil, Egypt, Portugal and Greece.

A key variable in the performance of marble producers is raw material costs, precisely the speed at which any increase can be passed through to customers. According to U.S. Geological Survey (USGS), stone resources of the world are sufficient to cater to foreseeable needs. Nevertheless, resources can be limited on a local level or occasionally on a regional level due to the lack of a particular type of stone. Marble resources are mainly located in Italy, China, Turkey, Philippines, France, Brazil, USA, India, Morocco, Austria, Russia, Japan, Portugal and Greece. Italy has abundant resources of high-quality marble, positioning the nation as a key marble producer and exporter in the world. Turkey is located in the world's most prosperous natural stone Alps area. There is a mass of marble resources from Anatolia to the Thrace region. The marble materials include marble blocks; to some companies, marble blocks can be satisfied with their products, while to others, marble blocks have to be purchased from other suppliers. The marble tile price follows the marble block price with a lag, and movements can inject volatility into producer margins. In general, most producers structure the majority of their contracts to include a 'pass through' clause that smooths the impact.

In India, the building & construction segment is estimated to register the highest growth in the marble market during the forecast period, owing to the increasing demand for residential and non-residential infrastructure development. In building & construction applications, marble and granite are highly preferred building materials for application areas such as flooring, columns, and walls, owing to their physical properties. Rising demand for infrastructure development in developing countries such as China and India is fuelling the growth of the building & construction application segment in the marble and other natural stones market.

MACROECONOMIC OVERVIEW

Global growth prospects have weakened significantly amid the war in Ukraine, rising energy, food and commodity prices, soaring inflation and tightening monetary policy stances by major central banks. The world economy is projected to grow by 3.1 per cent in 2022, marking a downward revision of 0.9 percentage points from our previous forecast released in January 2022. The baseline forecast faces significant downside risks from further intensification of the war in Ukraine and potential new waves of the pandemic.

Growth forecasts for the United States, European Union and China have been revised downward, with the European Union registering the most significant downward revision. The European Union economy – most directly hit by disruptions in the energy supply from the Russian Federation – is now expected to grow by 2.7 per cent in 2022, down from 3.9 per cent expected in January. The United States economy is expected to grow by 2.6 per cent, while China is expected to grow by 4.5 per cent in 2022. The developing countries, as a group, are projected to grow by 4.1 per cent in 2022, down from 6.7 per cent in 2021.

The United States economy is expected to grow by 2.6 per cent in 2022 and 1.8 per cent next year, while China is expected to grow by 4.5 per cent in 2022 and 5.2 per cent in 2023. The developing countries, as a group, are projected to grow by 4.1 per cent in 2022, down from 6.7 per cent in 2021.

THE INDIAN CONSTRUCTION MARKET

The macro-environment during the year was one of uncertainty and volatility. Prolonged monsoons, floods in many key states, and a general sombre mood in the economy with no aggressive consumer demand. The unprecedented real estate slowdown and the credit crisis impacted demand for Marble and Granites. As we came to the end of the financial year, the world and then India was hit by the Covid-19 pandemic, bringing businesses to a standstill across industries and markets. Throughout the year, demand was at absolute low levels and showed a slowly declining trend, but we see this as a temporary phenomenon.

The real estate sector and consumer spending shall soon pick up and demonstrate exuberance and witness a complete turnaround with signs of revival in industrial activity and rapid growth in global economic performance once a treatment for Covid19 is in place.

Real estate in India also indicates signs of reviving during this time with the return of liquidity in the real estate sector by way of various packages announced by the government to provide liquidity in recent months. Cash flows of realty players improved due to easy finance available at lower rates resulting in renewed construction of stalled projects and a few new launches.

India, the largest economy in the region, is expected to grow by 6.4 per cent in 2022, well below the 8.8 per cent growth in 2021, as higher inflationary pressures and uneven labour market recovery will curb private consumption and investment, it said. For the fiscal year 2023, India's growth is forecast to be 6 per cent.

OPPORTUNITY AND THREATS

While the long-awaited construction boom in India is nowhere on the horizon, there is some improvement in construction activity in some parts of the vast country. Bangalore and its surrounding area, the NCR (National capital region) and some other cities are where stone people sell more than before. But there are also thousands of unsold upmarket flats in buildings in major cities like Mumbai, Delhi NCR and many building companies are in severe financial trouble. A nationwide construction boom is still some years away.

The imports of marble blocks have increased dramatically since the liberalisation of import policy. Greater competition due to the entrance of many more Indian companies selling imported marble has meant there has also been a decline in retail prices. The export-oriented Marble and granite industry continue to struggle due to increasing artificial stone competition.

The Indian stone industry is steadily becoming more inward-looking. A decade ago, it was exports that determined the growth and investment of the stone companies. Now it is the local market that has become the main engine for the development of most stone companies.

The outlook in South Asia has deteriorated in recent months against the backdrop of the ongoing conflict in Ukraine and higher commodity prices, and potential adverse spillover effects from monetary tightening in the United States.

Segment-wise or product wise-performance

The company operates in the "flooring Product Segment" and "marble articles items". It undertakes the trading and processing of imported marbles. The company's main products are marble slabs, marble tiles and cut to sizes slabs as per the specification of the buyer.

The Company's performance during the last three years is as follows:

Year	Turnover (Rs. in Millions)	Increase in %
2019-20	748	3%
2020-21	182	(72%)
2021-22	185	1.54%

The company's business performance is directly related to the real-estate sector & infrastructure. Presently, the market conditions in these sectors are prolonged because of sluggish market demands. Consequently, the company has shown a dip in its sales from the previous financial year mainly due to the effects of the COVID-19 pandemic non-availability of raw materials from overseas markets.

Outlook

The company, for a long time in this business, has had contacts with many dealers/shopkeepers of marble in various cities. These dealers keep visiting and buying, which may not happen every month but on an alternate month basis; hence this is one channel available to the company for its product sales. There are few dealers' franchisees to which the company initially helped them establish their business in their initial stages who keep on exclusively buying for their requirements from the company. The company has a devoted team of marketing people for retail and project sales. In the past, the company has dealt with all developers in India. Hence, when there is a requirement from their side on receiving such information, the company's marketing staff starts follow-up with their purchase department, arranges their visit to our factories and finalises the transaction. Participation in exhibitions and other platforms are also additional ways to reach customers.

ORIENTAL TRIMEX LIMITED

As such, the company will have no CAPEX plan shortly. However, the company has plans to export its products to Middle East countries, for which the company has been in touch with various buyers and project people in the past three years. The company will make exports from its units near Kolkata and Chennai.

Since the International airport at Jewar in Greater Noida, the formal process of handing over 1334 hectares of land to Noida International Airport Limited has been completed. Construction for the airport's phase-1 already started in August 2021; the company's one unit being nearby will be an advantageous situation for the company, meeting demands of materials from infra project developers and construction of hotels in its nearby area as supporting infrastructure to the International Airport.

COVID-19 IMPACT ON BUSINESS OUTLOOK

As CoVID-19 spread rapidly, both in terms of several cases and the affected countries, the World Health Organisation ("WHO") characterised CoVID-19 as a pandemic.

The Company has taken measures for safety, but due to its physical nature business could not operate from home and hence had to be in complete lockdown. In near future the continued spread of CoVID-19 could adversely affect workforces, customers, economies and financial markets globally, leading to a potential economic downturn.

The potential impact on our results going forward will depend to a large extent on future developments due to COVID-19 that cannot be accurately predicted at this time, including the duration and severity of the pandemic.

Risk impact

Both global output and India's GDP contracted sharply during the year due to the COVID-19 crisis. Even as the economic performance is expected to bounce back in 2022-23 — both in India and across the world — the uncertainty and challenges posed by the pandemic continue. These can directly impact the real estate sector's performance and, hence, the Company. Recent global meltdown in realty and housing sector and Industry downturns might impede infrastructure development in user industries like real estate, SEZs, industrial, urban infrastructure, and aviation, adversely affecting the Company's business and earnings.

Risk mitigation

Over the last several decades, the Indian marble and granite industry has been dramatically modernised to meet global standards. Natural and Engineered/Fabricated stones, sculptures and monuments processed in India have been used mainly by large infrastructure companies. They have immensely helped revive the marble and granite industry in India. Company's all three units have state-of-the-art imported machinery, and the further company has started to focus on development work and also retail customers. The Govt. is quite keen for NCR to have a second airport which is almost near to completion and ready for operations of flights by the middle of the year 2026. We see a massive potential of supplying our material for this airport and the nearby hotels and commercial space, which would come up alongside the Airport.

Since the company has its manufacturing facility in Greater Noida, there would be a cost advantage in supplying material to the site.

Risk measurement

The Company's share in the premium quality marble flooring industry is likely to increase considerably as it is the only company having processing units in the National capital Region very near to Delhi. Similarly, one of few units in or around Chennai and Kolkata.

Internal Control Systems & their adequacy

The Company has state-of-the-art marble processing plants in Greater Noida in Uttar Pradesh, Gummidipoondi in Tamilnadu and Singur in West Bengal, which are comparable to the best in the country equipped with the requisite machinery. A strict 100% inspection system is adapted right from the selection of rough blocks to the final inspection. The Company maintains the best quality standards to meet the ever-changing expectations of buyers country-wide, be it in terms of product quality or delivery.

The Company's processes are ISO certified, and it is a member of the Chemicals and Allied Products Export Promotion Council, Associated Chamber of Commerce and Industry of India, Federation of Indian Granite and Stone Industry, All India Granites and Stone Association, Centre for Development of Stones and CAPEXIL.

The Company has an Internal Audit System, Which derives the scope and authority from the Audit Committee. The Audit Committee reviews the adequacy and effectiveness of internal control.

Statutory Compliance

On obtaining confirmation from the various units/departments of the Company of having complied with all the statutory requirements, a declaration regarding compliance with the provisions of the various statutes is made by the Managing Director at each Board Meeting. The legal & secretarial department of the Company ensures compliance with SEBI regulations and provisions of the LODR. The Compliance Officer for the prevention of insider trading ensures compliance with the Company's Guidelines on Insider Trading.

Contingent Liabilities

Details of contingent liabilities are given in Note 23 to the Notes on Balance Sheet and Profit and Loss Account.

Material developments in the Human Resources/Industrial Relations front, including the number of people employed.

The key personnel staffing for the marble processing unit, mining operations in Orissa, Marketing, Finance, Legal, and Planning are technically and professionally qualified. Continuous in-house training programs are conducted in various disciplines, which help in achieving organisational growth in the right direction. The Company maintains cordial relations with its employees and takes all possible care for their welfare.

Shareholders value commitment and philosophy

The Company expects to protect and enhance shareholder value through several initiatives. The comprehensive nature of the Company's financial and business disclosures reflects its increasing transparency.

Cautionary Statement

Statements in this management discussion and analysis describing the Company's objectives, projections, estimates and expectations may be forward-looking statements within the meaning of applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied. Significant developments that could influence Company's operations include global and domestic financial market conditions affecting the interest rates, availability of resources for the financial sector, lending market, changes in regulatory directions issued by the Government, tax laws, economic situation, significant changes in the political and economic environment in India, applicable statutes, litigations, labour relations and interest costs and other unforeseen events if any.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF

ORIENTAL TRIMEX LIMITED

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of **ORIENTAL TRIMEX LIMITED** (*the company*), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss including the statement of other comprehensive income, the Cash flow statement and the Statement of change in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022 and its profit/(loss) (including Other Comprehensive Income), its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How the matter was addressed in the audit
<p><u>Useful lives of Property, Plant & Equipment</u> (Refer to Notes 3 to the financial statements)</p> <p>The property, plant and equipment are depreciated on a pro-rate basis on written down value basis, over the useful life of the assets, as estimated by the management. These estimations are based on changes in the expected level of usage, technological developments, level of wear and tear, which involve high degree of the estimation and judgement and could affect the reported residual value and depreciation of the assets. As the value of Property, Plant and Equipment is Rs. 4,250.78 lac which constitutes the significant part of the total assets of the Company, therefore any change in depreciation policy of the asset and making provision for impairment loss could have a substantial impact on the profit/loss in future years and on the accuracy of the financial statements.</p> <p><u>Valuation of Trade Receivable</u> We refer to Note 7 of the financial statements.</p> <p>The management of the company assesses the expected credit loss related to trade receivables at regular intervals and at the end of each financial year.</p> <p>The carrying amount of trade receivables of the company is Rs, 2,761.66 lac as at March 31, 2022. We concentrated on this area because of its magnitude and the degree of judgments required to estimate the expected credit loss and determining the carrying amount of trade receivables as at the closing date of the financial statements.</p> <p><u>Valuation of Inventories</u> We refer to Note 6 to the financial statements.</p> <p>Inventory alone constitute the major portion of the current assets of the company as a result of that we were more focused on the method of valuation and carrying value of the inventory. As at March 31, 2022, the total carrying amount of inventories is Rs. 3,770.28 lac. The assessment of impairment of inventories involves significant degree of uncertainty, assumptions and application of judgment.</p> <p>The management of the company reviews the inventory on regular intervals for: -</p> <ol style="list-style-type: none"> a) Obsolescence of the inventory b) Permanent decline in net realizable value of the inventory below the cost. c) Ageing of inventory d) Turnover rate <p>Inventory records are kept updated and allowances are recorded in the books for inventory whenever required</p>	<p>How the matter was addressed in the audit</p> <p>We were explained that the depreciation policy of the company is consistent. If there is any addition to the asset or asset is sold, discarded, demolished or destroyed then the calculation is made according to the date of such event. In other words, if any asset is purchased or sold then the calculation is made according to the date of purchase or sold. We were further explained that the: -</p> <ol style="list-style-type: none"> a) Useful life of the asset b) Rate of depreciation and c) Residual value of the asset is taken for the purpose of depreciation in accordance with the exactly specified in the Schedule-II of the companies Act, 2013. <p><u>Our Results:</u> We have not identified any situation which may lead to material adjustments to the carrying value of The Property, Plant and Equipment.</p> <p>We obtained the Company's credit policy for trade receivables. We have examined and verified: -</p> <ol style="list-style-type: none"> a) The ageing of trade receivables. b) Management's assessment on the credit worthiness of selected customers for trade receivables. c) Adequacy of the provision created by the company for credit losses. d) Supporting documents provided by management in relation to assessment. <p><u>Our Results:</u> Based on our audit procedures performed, we found management's assessment of the recoverability of trade receivables to be sufficient.</p> <p>We have examined: -</p> <ol style="list-style-type: none"> a) Ageing of inventory b) History of inventory written off c) Inventory obsolescence incidences d) Reversal of inventory written off <p><u>Our Results:</u> We had a detailed discussion with the key managerial personnel of the company and took their views on inventory valuation considering the current economic environment. In our opinion, methods adopted by the management were adequate. We have formed our opinion based on facts and available evidence.</p>

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

ORIENTAL TRIMEX LIMITED

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- Further to our comments in Annexure A, as required by section 143 (3) of the Act, we report that:
 - we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - the Balance Sheet and the Statement of Profit and Loss including other comprehensive income, the Cash Flow statement and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - in our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
 - On the basis of written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
 - With respect to adequacy of the internal financial control over the financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure B"
 - The provision of section 197 read with Schedule V to the Act, regarding managerial remuneration have been complied by the company ; and
 - With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company does not have any pending litigations which would impact its financial position;
 - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

“Annexure B” to the Independent Auditors’ Report

(Referred to in paragraph 2(f) of the independent auditor’s report of even date on the financial statements of the company for the year ended March 31, 2022.)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”).

We have audited the internal financial controls over financial reporting of **ORIENTAL TRIMEX LIMITED** (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the “Guidance Note on Audit of Internal Financial Controls Over Financial Reporting” (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the ‘Guidance Note’) and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgments, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other mines at Pali Village having area of 15.443 hectares is working and Pateru Village of Malkangiri Distt having area 10.279 hectares (allotted in 2021) will start mining in middle of 2022. Oriental Trimex Limited is one of the highly spread and expanded marble processing Company's in India. The Company had gone public in 2007 and is listed with National Stock Exchange of India Limited (NSE) and Bombay Stock Exchange Limited (BSE).

2. SIGNIFICANT ACCOUNTING POLICIES

Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

2.2 Basis of preparation of financial statements

The standalone financial statements of Oriental Trimex Limited ("the Company") comply in all material aspects with Indian Accounting Standards ("Ind AS") as prescribed under section 133 of the Companies Act, 2013 ("the Act"), as notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended and other accounting principles generally accepted in India.

The financial statements have been prepared under the historical cost convention on accrual basis and the following items, which are measured on following basis on each reporting date:

- Certain financial assets and liabilities that is measured at fair value.
- Defined benefit liabilities/(assets): present value of defined benefit obligation less fair value of plan assets.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability, if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

2.3 Functional and presentation currency

These financial statements are presented in Indian National Rupee ('INR'), which is the Company's functional currency. All amounts have been rounded to the nearest lakhs, unless otherwise indicated.

2.3 Business combinations and goodwill

Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination are measured and recognised in accordance with the requirements of Ind AS 12, 'Income Taxes' and Ind AS 19, 'Employee benefits' respectively. Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of a bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets acquired and liabilities assumed, the difference is recorded as a gain in other comprehensive income and accumulated in equity as capital reserve. The costs of acquisition excluding those relating to issue of equity or debt securities are charged to the Statement of Profit & Loss in the period in which they are incurred.

2.5 Classification of Assets and Liabilities as Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset/liability is treated as current when it is:

- Expected to be realised/settled or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised/settled within twelve months after the reporting period, or
- Cash and Cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period or there is no unconditional right to defer the settlement of the liability for at least twelve months. All other assets/liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

The operating cycle is the time between the acquisition of the assets for processing and their realisation in cash and cash equivalents.

2.6 Property, Plant and Equipment (Fixed Assets)

Recognition and Measurement

Items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost of assets comprises of purchase price and directly attributable cost of bringing the assets to working condition for its intended use including borrowing cost and incidental expenditure during construction incurred upto the date when the assets are ready to use. Capital work in progress includes cost of assets at sites, construction expenditure and interest on the funds deployed less any impairment loss, if any. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as a separate item (major components) of property, plant and equipment.

Subsequent Measurement

Subsequent expenditure is capitalised only if it is probable that there is an increase in the future economic benefits associated with the expenditure will flow to the Company.

Depreciation

Depreciation is calculated on Straight Line Method using the rates arrived at on the basis of estimated useful lives given in Schedule II of the Companies Act, 2013 except for the following which has been determined on the basis of technical evaluation.

Particulars	Useful Life
Plant and Machinery	15 Years
Vehicles- Car & Truck	8 Years
Furniture & Fixture	10 Years
Office equipment	5 Years
Computers	3 Years

Depreciation on additions to or on disposal of assets is calculated on pro-rata basis. Leasehold Improvements are being amortised over the period of 5 to 10 years.

Depreciation methods, useful lives and residual values are reviewed in each financial year end and changes, if any, are accounted for prospectively.

De-recognition

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Leases

Operating Leases:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is (or contains) a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership are transferred from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Company as a lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognised as expense in the periods in which they are incurred.

Lease Liability

The lease payments that are not paid at the commencement date, are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value as that of right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments) payable during the lease term and under reasonably certain extension options, less any lease incentives;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the Balance Sheet. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Company re-measures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- The lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is re-measured by discounting the revised lease payments using a revised discount rate
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is re-measured by discounting the revised lease payments using a revised discount rate.

Right of Use (ROU) Assets

The ROU assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses. Whenever the company incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37- Provisions, Contingent Liabilities and Contingent Assets. The costs are included in the related right-of-use asset.

ROU assets are depreciated over the shorter period of the lease term or useful life of the underlying asset. If the company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. The depreciation starts at the commencement date of the lease.

The ROU assets are presented as a separate line in the Balance Sheet and details of assets are given ROU note under Notes forming part of the Financial Statement. The Company applies Ind AS 36- Impairment of Assets to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as per its accounting policy on 'property, plant and equipment'. As a practical expedient, Ind AS 116 permits lessee not to separate non-lease components when bifurcation of the payments is not available between the two components, and instead account for any lease and associated non-lease components as a single arrangement. The Company has used this practical expedient.

2.7 Intangible assets

Intangible Assets (Other than Goodwill) acquired separately are stated at cost less accumulated amortization and impairment loss, if any. Intangible assets

are amortized on straight line method basis over the estimated useful life. Estimated useful life of the software is considered as 5 years. Amortisation methods, useful lives and residual values are reviewed at each financial year end and changes, if any, are accounted for prospectively.

An intangible asset is de-recognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit & Loss when the asset is derecognised.

2.8 Non-current assets held for sale

Non-current assets are classified as held-for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition. Once classified as held-for-sale, intangible assets and property, plant and equipment are no longer amortised or depreciation.

2.9 Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication of impairment. If any such indication exists, then the recoverable amount of assets is estimated. Impairment loss in respect of assets other than goodwill is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised in prior years. A reversal of impairment loss is recognised immediately in the Statement of Profit & Loss.

2.10 Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction of qualifying assets are capitalised as part of the cost of such assets upto the assets are substantially ready for their intended use.

The loan origination costs directly attributable to the acquisition of borrowings (e.g. loan processing fee, upfront fee) are amortised on the basis of the Effective Interest Rate (EIR) method over the term of the loan.

All other borrowing costs are recognised in the Statement of Profit & Loss in the period in which they are incurred.

2.11 Foreign currency transactions

- (i) Foreign currency transactions are recorded at the exchange rate prevailing on the date of the transaction.
- (ii) Gains/losses arising out of fluctuation in the exchange rates are recognized in the period in which they arise.
- (iii) Monetary assets and liabilities denominated in foreign currency are translated at the relevant rates of exchange prevailing at the year end and the resultant gain or loss is recognized in the Statement of Profit and Loss, except in the case of gain where significant uncertainties exist in relation to the actual realisation.
- (iv) Premium / discount on forward exchange contracts (including options), which are not intended for trading or speculation purposes, are amortized over the period of the contract. There are no outstanding forward exchange contracts (including options) as at the Balance Sheet date.
- (v) Any profit or loss arising on cancellation or settlement of forward exchange contracts (including options) is recognized as income or expense of the year.

2.12 Revenue Recognition :

The Company recognises revenue when it satisfies a performance obligation in accordance with the provisions of contract with the customer. Sales of products are recognized when the products are shipped and are stated inclusive of excise duty but net of sales tax, trade discounts and sales returns.

Revenue is recognized when no significant uncertainties exist in relation to the amount of eventual receipt. The Company generally follows mercantile system of accounting and all income and expenditure items having a material bearing on the financial statements are recognized on accrual basis. Interest incomes are recognised on an accrual basis using the effective interest method. Dividends are recognised at the time the right to receive payment is established.

2.13 Inventories

Inventories are valued at lower of cost and net realisable value except waste/scrap which is valued at net realisable value. Cost of manufactured finished goods and stock in process is determined by taking cost of purchases, material consumed, labour and related overheads. Cost of raw materials, traded goods and stores & spare parts are computed on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale.

2.14 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less. For the purposes of the Cash Flow Statement, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

2.15 Provisions, Contingent Liabilities and Contingent Assets

Based on the best estimate provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event and it is probable ("more likely than not") that it is required to settle the obligation, and a reliable estimate can be made of the amount of the obligation at reporting date.

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote.

Contingent assets are not recognised in the financial statements but disclosed, where an inflow of economic benefit is probable.

2.16 Employees' Retirement and Other Benefits

Company's contribution to provident and other funds is accounted for on accrual basis and charged to Profit and Loss Account. Provident Fund is accrued on monthly basis and is deposited with the "Statutory Provident Fund". The Company's contribution is charged to the Statement of Profit and Loss Account. The management has decided to not grant any leave encashment and the employees should avail of all leave entitled.

Gratuity liability is provided for on the basis of actuarial valuation. Actuarial gains and losses are recognized in full in the Profit and Loss Account for the period in which they occur.

Income Tax

Income tax expense comprises current and deferred tax. It is recognised in the Statement of Profit & Loss except to the extent that it relates to items recognised directly in Equity or in Other Comprehensive Income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax assets and liabilities are offset only if, the Company:

- a) Has a legally enforceable right to set off the recognised amounts; and
- B) Intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date.

Minimum Alternate Tax

Minimum Alternate Tax (MAT) credit is recognized as an asset when there is convincing evidence that the Company will pay normal Income Tax during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of statement of profit and loss and shown as MAT Credit entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT credit entitlement to the extent it is not reasonable certain that the Company will pay normal income tax during the specified period.

2.17 Miscellaneous Expenditure

Miscellaneous Expenditure shall be amortized over a period of five years from the year of the commencement of commercial production.

2.18 Events occurring after Balance Sheet date :

Significant events occurring after the Balance Sheet date have been considered in the preparation of financial statements.

2.19 Contingent Liabilities and Provisions

The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of the obligation can be made.

A disclosure is made for a contingent liability when there is a :

- a) possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully within the control of the Company;
- b) present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation ;
- c) present obligation, where a reliable estimate cannot be made.

2.20 Earnings per share :

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to the equity shareholders by weighted average number of shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or losses for the year attributable to the equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.21 Cash Flow Statement :

The Cash flow statement is prepared under "Indirect method" as set out in Accounting Standard-3 on Cash Flow Statements, whereby Profit/ (Loss) Before Extraordinary Items and Tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.22 Significant accounting estimates, judgments and assumptions :

The preparation of the Company's financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions which affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, including the disclosure on contingent liabilities.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the existing circumstances when the financial statements are prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognized in the year in which the estimates are revised and in any future year that is affected.

In the process of applying the Company's accounting policies, management has made the following judgments which have significant effect on the amounts recognised in the financial statements :

I) Useful life of property, plant & equipment:

Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalized. Useful life of tangible assets is based on the life specified in Schedule II of the Companies Act, 2013, while Freehold land is valued at market value.

II) Defined benefit plan:

The cost of defined benefit plan and other post employment benefits and the present value of gratuity obligation are determined using actuarial valuations, which entail making various assumptions such as determination of discount rates, future salary increases and mortality rate that may differ from actual developments in the future.

III) Allowances for uncollected accounts receivable and advances:

Trade receivables do not carry interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when the management deems them not collectable. Impairment provision is made based on assumptions about the risk of default and the judgment in making these assumptions are based on past history, existing market conditions as well as forward looking estimates at the end of each reporting period, that may differ from actual developments in the future.

IV) Allowance for inventories:

The management reviews the inventory age listing on a periodic basis. The review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete or slow moving item, based on past history, existing market conditions as well as forward looking estimates at the end of each reporting period, which may differ from actual developments in the future.

V) Contingencies:

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claims/litigation against the company and it is not possible to predict the outcome of pending matters with accuracy.
