NOTES:

1. Pursuant to Circulars issued by the Ministry of Corporate Affairs ("MCA") and by the Securities and Exchange Board of India (SEBI) (hereinafter collectively referred to as "the Circulars"), companies are allowed to hold the Annual General Meeting (AGM) through video conference ("VC") or Other Audio Visual Means ("OAVM"), without the physical presence of Members at a common venue. Hence, in compliance with the Circulars, the AGM of the Company is being held through VC/OAVM
2. In compliance with the applicable provisions of the Companies Act, 2013 (the "Act") (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (the "Rules"), as amended from time to time, read with the MCA Circulars, and pursuant to Regulation 44 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), the 30th Annual General Meeting (the "AGM" or the "Meeting") of the Members of Oriental Trimex Limited (the "Company") is scheduled to be held on Monday, 28th September, 2026 at 12:00 NOON (IST) through VC/ OAVM. Accordingly, the Members can attend and participate in the ensuing AGM through VC/ OAVM. They can also vote on the items to be transacted at the Meeting as mentioned in this Notice through electronic voting process ("e-Voting") via remote e-Voting or e-Voting during the AGM by following the procedure as detailed below in Note Nos. 13 to 16.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members participating in the AGM through VC/ OAVM Facility shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
5. PURSUANT TO THE PROVISIONS OF THE COMPANIES ACT, 2013, A MEMBER ENTITLED TO ATTEND AND VOTE AT THE AGM IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE ON HIS/ HER BEHALF AND THE PROXY NEED NOT BE A MEMBER OF THE COMPANY. SINCE THIS AGM IS BEING HELD PURSUANT TO THE MCA CIRCULARS THROUGH VC/ OAVM, THE REQUIREMENT OF PHYSICAL ATTENDANCE OF MEMBERS HAS BEEN DISPENSED WITH. ACCORDINGLY, IN TERMS OF THE MCA CIRCULARS AND THE SEBI CIRCULAR, THE FACILITY OF APPOINTMENT OF PROXIES BY MEMBERS TO ATTEND AND VOTE AT THE AGM IS NOT AVAILABLE FOR THIS AGM AND HENCE, THE PROXY FORM, ATTENDANCE SLIP AND ROUTE MAP OF AGM ARE NOT ANNEXED TO THIS NOTICE.

ORIENTAL TRIMEX LIMITED

However, in pursuance of Section 112 and 113 of the Companies Act, 2013, the representatives of the Members may be appointed for the purpose of voting through remote e-Voting or for participation and voting during the meeting held through VC/ OAVM and in this regard should send the necessary documents to the Company.

6. Institutional investors who are Members of the Company are encouraged to attend and vote in the AGM being held through VC/ OAVM.

7. SECRETARIAL AUDIT REPORT

For The Financial Year Ended 31st March 2026

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Oriental Trimex Limited
26/25 Bazar Marg, Old Rajender Nagar, New Delhi-110060

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Oriental Trimex Limited (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my Opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2026 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Oriental Trimex Limited for the financial year ended on, 31st March, 2026 according to the provisions of:

- (I) The Companies Act, 2013 (the Act) and the rules made there under;
- (II) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (III) The Depositories Act, 1996 and the Regulations and Bye-laws Framed there under;
- (IV) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (V) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; - **Not applicable to the Company during the audit period.**
 - b. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

- c. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992;
- d. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; - **Not applicable to the Company during the audit period.**
- e. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulation, 2021; - **Not applicable to the Company during the audit period.**
- f. The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; - **Not applicable to the Company during the audit period.**
- g. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 2025;
- h. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; - **Not applicable to the Company during the audit period.**
- i. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; - **Not applicable to the Company during the audit period.**

(VI) The Employees' Provident Funds and Miscellaneous Provisions Act, 1952;

(VII) All other labour laws applicable to the industries, if any;

Since the Company is engaged in the business of processing of marbles, therefore there is no other specific law which governed the Company.

I have also examined compliance with the applicable clauses of the following:

- (I) Secretarial Standards issued by The Institute of Company Secretaries of India
- (II) The Listing Agreement entered by the Company with Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) read with Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above subject to the following observations:

except with respect to the following matters:

1. Pursuant to Regulations 30 and 47 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company had failed to submit to the Stock Exchanges the newspaper publications relating to the financial results for the quarters ended 31st March 2025 and 30th June 2025.
2. There were certain delays in regulatory compliances under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the SEBI (Depositories and Participants) Regulations, 2018, including a delay of 10 days in submission of the compliance certificate for the quarter ended 30th June, 2025 pursuant to Regulation 74(5) of the SEBI (Depositories and Participants) Regulations, 2018, a delay of 15 days in filing the disclosure pursuant to Regulation 23(9) of the SEBI (LODR) Regulations, 2015, and a delay of one day in submission of the Annual Secretarial Compliance Report for the year ended 31st March, 2025 pursuant to Regulation 24A(2) of the SEBI (LODR) Regulations, 2015.
3. Pursuant to Regulation 30 read with Schedule III of the SEBI (LODR) Regulations, 2015, the Company had not disclosed the details pertaining to the appointment of Internal Auditors, as approved by the Board at its meeting.
4. Pursuant to Schedule II of the SEBI (LODR) Regulations, 2015, the details of the identified non-compliances were not placed before the Board at its subsequent meeting.

Further I report that, my review did not extend to the notices, agendas, attendance records, minutes and resolutions of the Nomination and Remuneration Committee, the Stakeholders' Relationship Committee and the meetings of the Independent Directors, as the said records were not placed before me. I am accordingly unable to comment on their accuracy or completeness and have to that extent relied on the representations made by the Company:-

I further report that:

The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Save as otherwise provided above, adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance (except in cases where meetings were convened at a shorter notice

for which necessary approvals obtained as per applicable provisions), and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

I further report that, there are lapses in recording of minutes or resolutions approved in the meeting of board of directors and committee(s) thereof. As per the minutes of the meetings duly recorded, the decisions were unanimously approved.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that, during the audit period, the following important event/action were undertaken in relation to the affairs of the Company pursuant to the above-referred laws, rules, regulations, guidelines and standards:

The Company received a Show Cause Notice dated 29th April, 2025 from the Securities and Exchange Board of India ("SEBI") in relation to its investigation concerning the financial statements of the Company for the period from 1st April, 2017 to 31st March, 2020, relating to alleged violations of the SEBI Act, 1992, PFUTP Regulations and LODR Regulations.

Pursuant thereto, SEBI initiated adjudication proceedings and subsequently passed an order imposing penalty on the Company. Aggrieved by the said order, the Company preferred an appeal before the Securities Appellate Tribunal ("SAT"). Thereafter, the Company approached the Hon'ble Supreme Court of India against the order of SAT. The matter is presently pending before the Hon'ble Supreme Court in Civil Appeal No. 11196/2026 – Oriental Trimex Limited & Ors. v. Securities and Exchange Board of India.

MANAGEMENT DISCUSSION AND ANALYSIS

We are pleased to present Oriental Trimex Limited's Management Discussion and Analysis Report, offering an insightful overview of our business strategies, industry trends, prospects, and operational achievements. This report underscores our steadfast commitment to transparent corporate governance.

Industry Structure and Development:

Did you know that marble is more than just a beautiful natural stone—it's a testament to Earth's incredible transformative power? Formed deep within the Earth's crust under intense heat and pressure, limestone transforms into stunning calcite-rich marble, often infused with minerals like clay, quartz, and graphite.

The global marble industry is a diverse landscape of players, ranging from large multinational corporations to small, private enterprises. A few countries—China, Turkey, India, Iran, Italy, Spain, Brazil, Egypt, Portugal, and Greece—control about 80.4% of the world's quarry production of dimension stone, based on 2020 data. China and India alone produce over half of this volume. However, while India offers a wide variety of marble, its limited colour options led many to import from abroad. European markets, in particular, prefer warm beige and cream shades, but striking black, white, and green varieties also hold significant appeal.

The Indian natural stone market, encompassing a wide range of applications such as marble, granite, slabs, tiles, and decorative and architectural uses, is projected to reach approximately USD 5.91 billion by 2027 and grow to around USD 8.12 billion by 2032, with an impressive CAGR of about 6.6%. Globally, the natural stone industry is valued at roughly USD 60.6 billion in 2027 and is expected to rise to about USD 75.2 billion by 2032, with a steady CAGR of approximately 4.2%. This indicates that India's market is poised to outpace global growth during this period.

South India stands out as a key hub for stone processing and granite production, particularly in Karnataka, Tamil Nadu, and Andhra Pradesh. As a result, competition from granite is more intense here than in Delhi-NCR. However, opportunities are abundant for marble slabs in luxury homes, villas, hotels, upscale apartments, and high-end commercial interiors. The surge in luxury apartment developments across major cities further fuels the demand for natural stones.

India's market conditions are currently very favourable. The tiles and marble sector remains robust, driven by strong domestic demand for housing despite rising international freight and supply chain costs. Delhi-NCR is experiencing vibrant construction activity and offers advantages due to its diverse market volume and long-term geographical expansion. Meanwhile, South India complements these prospects with its rich granite resources and vibrant marble usage, making it an ideal region for growth.

The **India–Oman Comprehensive Economic Partnership Agreement (CEPA)**, which took effect on June 1, 2026, opens exciting new opportunities for Indian marble processors. For the first time, rough marble blocks—previously restricted by the Omani government—are now available for export, creating fresh avenues for growth. This agreement offers Indian buyers substantial customs duty concessions, making procurement more attractive and competitive.

With this pact, a structured, ongoing supply chain is established, enabling buyers to source high-quality marble directly from Oman to meet the demands of builders, developers, architects, fabricators, and retail customers across India. Oman, already celebrated for its natural stone, remains a key supplier as India continues to import marble and related products.

Aligned with the broader trade framework under CEPA and related DGFT notifications, the arrangement covers marble blocks, tiles, and other products. It requires specific documentation, such as a Chartered Engineer certificate for marble blocks and a valid pre-purchase agreement with an Omani supplier for marble slabs.

Interestingly, marble tile prices often lag behind those of marble blocks, causing fluctuations in producer margins. To counter this, many producers include 'pass-through' clauses in their contracts, helping them cushion against market volatility.

India's marble market is poised for remarkable growth, driven by a booming construction sector. Rising demand for luxurious residential and commercial projects positions marble and granite as the materials of choice for stunning flooring, walls, and columns—many consumers also favour design vitrified tiles. Companies are actively building brands like "Rare Earth" for vitrified tiles across the country. This expansion is further accelerated by infrastructure development in growing markets like China and India, promising an optimistic future for the industry.

MACROECONOMIC OVERVIEW:

The global economic landscape is facing significant headwinds that challenge growth and stability. Geopolitical tensions, recent shifts in US trade policy, the ongoing conflict

in Ukraine, unrest in Iran and the Middle East, soaring inflation, and tighter monetary policies by major central banks have all combined to cast a shadow over prospects.

The US–Iran conflict and disruptions around the Strait of Hormuz present specific risks for the marble industry, especially for companies importing marble blocks and slabs from Oman, as freight costs rise. Thankfully, imports from Turkey, Italy, and Greece, along with sales into India, have remained steady despite these pressures.

Amid these hurdles, our commitment to seizing opportunities remains unwavering. With confidence in our strategic direction, we continue to pursue sustainable growth and steer through these complex times with resilience and optimism.

THE INDIAN CONSTRUCTION MARKET:

A Journey Through Challenges and Opportunities.

The past year has seen an upward trend for the Indian construction market, marked by uncertainty and volatility. Extended monsoons, severe flooding in key states, and a cautious economic outlook have hampered consumer demand, leading to a sluggish housing market. This unique combination of a real estate slowdown and a credit crisis has taken a toll on the Marble and Granite sector.

In recent months, the Indian real estate sector has shown signs of recovery, largely thanks to renewed liquidity fuelled by various government initiatives. Improved cash flows, bolstered by easier access to financing at lower interest rates, have enabled many real estate players to restart stalled projects and even launch new ones.

India, cementing its status as the largest economy in the region, is poised for an impressive Real GDP growth rate of 8.2% in 2025-26, a leap from 7.0% in 2026-27. Nominal GDP, also known as GDP at Current Prices, is projected to reach an astounding ₹ 360 lakh crore in 2026-27, up from ₹ 310.00 lakh crore in the previous fiscal year, reflecting a vibrant growth rate of 9.6%.

Navigating Opportunities and Challenges:

While a nationwide construction boom may still be on the horizon, we see promising improvements in various regions. Demand for natural stone is burgeoning in places like Bangalore, Hyderabad, the National Capital Region (NCR), and other urban centres. Yet, challenges remain, with thousands of unsold luxury flats in major cities such as Mumbai and Delhi NCR, leaving numerous construction companies grappling with significant financial strains. But this is not the case with luxury apartments, and our product is more in demand there. A widespread boom may take a few more years to materialise fully.

Our Strategy and Outlook:

We have reached out to numerous marble dealers and shopkeepers in Northern India. Many dealers make their purchases independently, albeit not every month, creating a steady channel for product sales. We've also nurtured relationships with franchisee dealers, whom we initially supported, and they continue to rely exclusively on us for their needs. Our dedicated marketing team works tirelessly on retail and project sales, collaborating closely with various developers across India. When needs arise, our marketing staff promptly engages with their purchasing departments, organises factory visits, and wraps up transactions. Participation in exhibitions and other platforms significantly boosts our customer outreach.

Looking ahead, we do not plan any significant capital expenditure (CAPEX) in the near term. However, an exciting opportunity is on the horizon—we're gearing up to export our products to Middle Eastern countries, having built strong connections with buyers and project stakeholders over the last three years. Our export operations will be conducted from our unit near Chennai Port.

The Jewar Airport in Greater Noida is now operational. Our showroom's proximity to this monumental development places us in a prime position to cater to the needs of infrastructure project developers and hotel builders.

We have several innovative plans in the pipeline, including ventures into exports within this year. The future looks bright, and we are excited to be part of India's evolving construction landscape!

Exciting Updates from Oriental Trimex Ltd

At Oriental Trimex Ltd, we're proud to be a certified ISO 9001:2000 company, specialising in the mining, importing, and processing of unique natural stones like Marble, Travertine, and Onyx from every corner of the globe. We're thrilled to announce our latest initiative to expand our product offerings, adding a diverse range of related products. This strategic move is designed to deepen customer loyalty to our well-respected "Oriental" brand, built over Three decades of excellence. With minimal additional cost, we aim to unlock new revenue opportunities.

Our industry prestige is reflected in our expansive presence across India, where we showcase premium Italian, Spanish, Turkish, Egyptian, Greek, and Chinese marbles. We're currently in discussions with renowned international brands such as KMEW from Panasonic Japan, exploring innovative cladding options for the exteriors of both residential and commercial buildings.

Our brand "**Rare Earth**" symbolises our commitment to quality. We offer naturally grained marbles selectively handpicked from the finest quarries worldwide. Thanks to

our robust sourcing capabilities and deep understanding of local preferences—something many of our competitors struggle with—we have uniquely positioned ourselves in the market.

In exciting news, the marble under the “Rare Earth” brand will now be complemented with budget-friendly Indian Granites and stunning porcelain tiles that mimic the rich colours of our imported stones. This approach addresses customer needs and provides options for varying budgets, making elegant choices accessible to a broader audience.

Twelve cities in Uttar Pradesh have been earmarked for rapid urbanisation as part of the Central Government’s ‘Smart Cities’ initiative. Our longstanding presence in Greater Noida over the past 25 years equips us to connect with customers in these emerging urban spaces, particularly in tier 2 and tier 3 cities, where we see significant potential.

A) New Showroom in Greater Noida: A Gateway to Innovation.

We have opened a new warehouse-cum-showroom in Greater Noida’s building materials market. This well-planned township, just a short commute from Noida and New Delhi, offers exceptional infrastructure, featuring high-rise buildings, spacious roads, and ample green areas. With the promising developments surrounding the Jewar Airport, including an atrocity project, we foresee tremendous opportunities.

The strategic advantages surrounding Jewar, including cutting-edge infrastructure and diverse hospitality options, align perfectly with our vision. Our showroom will be stocked with top-quality marbles ready for use, sourced from our processing plant in Chennai and indigenous granites procured from Rajasthan and Southern India. A thorough survey confirmed a consistent demand for flooring products in the area, further solidifying our decision to expand. We’re also gearing up to open a showroom in Delhi next year!

B) Jet-Black Granite Quarry Update: A Bright Future Ahead**

We’re proud to announce that we’ve secured a Jet-Black Granite Quarry lease spanning 4.961 hectares (approximately 534045.6 sq. ft.) in Village Poteru, Malkangiri District, Orissa. The Government of Orissa has issued a 30-year Letter of Intent, and our mining plan has been officially approved.

At Oriental Trimex, we cherish these milestones as they pave the way for future growth and success. Stay tuned for more updates as we continue transforming the industry and exceeding our customers’ expectations!

Exciting developments are on the horizon for our quarry project! The approved mining plan reveals a substantial deposit of decorative stones, particularly Jet-Black granite, renowned for its export potential. Expert assessment from Mr M.K. Mehta, a Registered and Qualified Mining Professional, Approved Valuer (Mines & Quarries) and Chartered Engineer under the Indian Bureau of Mines, has valued this mineral treasure at an impressive ₹ 258.77 crores.

Here’s a snapshot of the granite quarry we’ve secured:

Sr. No	Category of Land	Area (Acres)	Area (Hectares)	Location	Type of Granite	Remark
1	Non-Forest	12.260	4.961	Village Poteru, Motu Tahasil, Malkangiri District, Odisha	Decorative Stones and Black Coloured Granite	The quarry is making strides toward becoming operational!

The quarry is making strides toward becoming operational! Last year, on May 21, 2025, we received an official mining lease from the Odisha Government for a Jet-Black Granite quarry, expanding our product offerings. We are poised to commence quarry operations this quarter and expect to begin commercial production shortly thereafter. As we drive export initiatives and collaboration forward, we are actively engaging with several Far East and Middle East companies, with discussions with a Vietnam-based partner currently in the final stages, which will significantly boost our revenue and profitability.

C) Revolutionary Leap Forward in Stone Industry Processing**

Our company has been at the forefront of processing and trading natural stones for over twenty years, catering to high-end residential and commercial construction projects. We’re thrilled to announce an exciting development: we have imported an “Ultra-Thin Wire Machine” from GASPARI MENOTTI

TECHNOLOGIES S.r.l. Located at Via Lotizzazione 25 – 54100, Massa, Italy, it’s known as the “Cable Machine for Slab Cutting.” This innovative piece of equipment has been installed at our facility in Gummidipoondi, just outside Chennai.

What sets this machine apart?

Traditional gang saws rely on multiple blades to cut stone, but our new wire gang saw uses a series of diamond cables—each only 0.4 to 0.6 mm in diameter—for ultra-precise cuts. This breakthrough technology will make us the first company in the region to process imported marble using such an advanced machine!

Let’s dive into some of the standout features and advantages of our new wire gang saws:

-**Sturdy Chassis Structure: **

Designed for stability, our wire gang saws ensure smooth cutting operations and minimise disruptions.

- **Pneumatic Wire Tensioning: **

The cables are independently tensioned pneumatically, enabling precise cuts across varying plate thicknesses.

- **Hydraulic Cylinder Support: **

With hydraulic cylinders enhancing the cutting group, this technology increases the machine’s lifespan by alleviating operational stress

- **Durable Bellows Protection: **

Fully encased linear rails protect the system, enhancing longevity and reliability.

-**Incredible Speed: **

Expect cuts made about three times faster than traditional gang saw blades, while significantly reducing power consumption.

-**Thin Slab Capability: **

Unlike traditional multi-blade machines that require a minimum slab thickness of 18 mm, our multi-wire cutting machine can cut slabs as thin as 8 mm, thanks to its unique shifting technique. This efficiency conserves raw materials and makes the machine’s purchase cost recoverable within one year.

Mitigating Risks

Despite these challenges, the Indian marble and granite industry has undergone substantial modernisation and now aligns with global standards. Our natural stones and vitrified tiles cater to large infrastructure projects, which have been instrumental in revitalising the sector. All processing units at Goomdipoondi are equipped with state-of-the-art imported machinery, and we are now expanding our focus to include development work and retail customers.

The government’s commitment has already resulted in the construction and launch of the second airport for the NCR in 2026, which has opened up new opportunities for us. We see remarkable potential in supplying our premium materials for the hotels and the commercial spaces developed in the vicinity of this new airport. Plus, with our sales outlet in Greater Noida, delivering materials to these sites will be efficient and cost-effective.

Forecasting Future Growth.

Thanks to our unique presence in southern and northern India, our company is poised to grow its share significantly in premium-quality marble flooring, marble design tiles, and high-end granite slabs. The company is also Ensuring Quality Control.

At our marble processing plant in Gummidipoondi, Tamil Nadu, we pride ourselves on being among the first few companies in India to install the Smart ultra-thin wire cutting machine, a costly machine, almost five times that of a traditional Gangsaw machine.

We’ve implemented a rigorous 100% inspection protocol for Rough Blocks and final products, maintaining the highest quality standards to meet our customers’ evolving expectations nationwide. Rough Blocks are often wrapped with resin and fibre to fill minor cracks and holes on their surface. We usually use wrapping/ impregnation to protect the blocks from internal cracks and fissures.

We are excited about the future and the remarkable journey ahead in the stone processing industry.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF ORIENTAL TRIMEX LIMITED

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of **ORIENTAL TRIMEX LIMITED** ('the company'), which comprise the Balance Sheet as at March 31, 2026, the Statement of Profit and Loss including the statement of other comprehensive income, the Cash flow statement and the Statement of change in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2026 and its profit/(loss) (including Other Comprehensive Income), its changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How the matter was addressed in the audit
Useful lives of Property, Plant & Equipment (Refer to Notes 3 to the financial statements) The property, plant and equipment are depreciated on a pro-rate basis on written down value basis, over the useful life of the assets, as estimated by the management. These estimations are based on changes in the expected level of usage, technological developments, level of wear and tear, which involve high degree of the estimation and judgement and could affect the reported residual value and depreciation of the assets. As the value of Property, Plant and Equipment is Rs. 1827.50 lakh which constitutes the significant part of the total assets of the Company, therefore any change in depreciation policy of the asset and making provision for impairment loss could have a substantial impact on the profit/loss in future years and on the accuracy of the financial statements. Valuation of Trade Receivable We refer to Note 7 of the financial statements. The management of the company assesses the expected credit loss related to trade receivables at regular intervals and at the end of each financial year. The carrying amount of trade receivables of the company is Rs, 3940.91 lakh as at March 31, 2026. We concentrated on this area because of its magnitude and the degree of judgments required to estimate the expected credit loss and determining the carrying amount of trade receivables as at the closing date of the financial statements. Valuation of Inventories We refer to Note 6 to the financial statements. Inventory alone constitute the major portion of the current assets of the company as a result of that we were more focused on the method of valuation and carrying value of the inventory. As at March 31, 2026, the total carrying amount of inventories is Rs. 3406.55 lakh. The assessment of impairment of inventories involves significant degree of uncertainty, assumptions and application of judgment. The management of the company reviews the inventory on regular intervals for: - - Obsolescence of the inventory - Permanent decline in net realizable value of the inventory below the cost. - Ageing of inventory - Turnover rate Inventory records are kept updated and allowances are recorded in the books for inventory whenever required	We were explained that the depreciation policy of the company is consistent. If there is any addition to the asset or asset is sold, discarded, demolished or destroyed then the calculation is made according to the date of such event. In other words, if any asset is purchased or sold then the calculation is made according to the date of purchase or sold. We were further explained that the: - - Useful life of the asset - Rate of depreciation and - Residual value of the asset is taken for the purpose of depreciation in accordance with the exactly specified in the Schedule-II of the companies Act, 2013. Our Results: We have not identified any situation which may lead to material adjustments to the carrying value of The Property, Plant and Equipment. We obtained the Company's credit policy for trade receivables. We have examined and verified: - - The ageing of trade receivables. - Management's assessment on the credit worthiness of selected customers for trade receivables. - Adequacy of the provision created by the company for credit losses. - Supporting documents provided by management in relation to assessment. Our Results: Based on our audit procedures performed, we found management's assessment of the recoverability of trade receivables to be sufficient. We have examined: - - Ageing of inventory - History of inventory written off - Inventory obsolescence incidences - Reversal of inventory written off Our Results: We had a detailed discussion with the key managerial personnel of the company and took their views on inventory valuation considering the current economic environment. In our opinion, methods adopted by the management were adequate. We have formed our opinion based on facts and available evidence.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors

either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement

resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

"Annexure B" to the Independent Auditors' Report

(Referred to in paragraph 2(f) of the independent auditor's report of even date on the financial statements of the company for the year ended March 31, 2026.)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of **ORIENTAL TRIMEX LIMITED** ("the Company") as of March 31, 2026 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls Over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgments, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Standalone Financial Statements

for the Year Ended March 31, 2026

(All amounts are in rupees lakhs, unless otherwise stated)

1. Reporting Entity

Oriental Trimex Limited (CIN: CIN:L74899DL1996PLC078339) referred to as "the company" domiciled in India, was incorporated as a Private Limited Company on 22nd April 1996 under The Companies Act, 1956 and converted into Public Company on February 06, 2001. Since listing on the National Stock Exchange and the Bombay Stock Exchange in 2007, we have established ourselves as a leader in the natural stone and flooring segments, thanks to the vision and expertise of our founders, Mr. Rajesh Punia and Mrs. Savita Punia, who bring over thirty five years of industry experience.

Our core business centres on supplying premium imported marble to India, effectively addressing a significant gap in the domestic market, where marble resources are scarce. In India's hot climate, marble is ideal, remaining cooler than other stone materials and meeting consumer preferences. The Taj Mahal serves as a timeless example of the elegance and durability of marble, reinforcing its lasting appeal.

At Oriental Trimex, we take pride in our state-of-the-art processing facilities, which are equipped with cutting-edge machinery, such as gang saws and automatic resin lines sourced from SEI, Italy, a recognised leader in the marble industry. Our commitment to quality and sophistication ensures that our marble products consistently meet the high standards synonymous with European excellence. (For a complete list of products, please visit our website.)

We are excited to announce the grand opening of our new showroom and warehouse for the 'Rare Earth' brand of Marble Design Vitrified Tiles, located in H-Block, Greater Noida. This strategically positioned facility is at the heart of a booming building materials market. It is near major infrastructure projects, including the construction of Hotels near Jewar Airport, which enhances the region's attractiveness for private sector investments.

Our new facility specialises in producing vitrified tiles that emulate imported marble, driving the company's growth and significantly boosting sales. The Jewar Aerotropolis project will further elevate the area with advanced infrastructure, commercial hubs, and hospitality options. Additionally, we operate two mines in Odisha, including one currently producing the renowned Lavender Blue Granite. On January 3, 2022, the Odisha State government allocated a second mine to us, which is projected to commence operations by July or August 2025, focusing on Jet Black Granite, a product experiencing high global demand.

The recent spike in demand for Indian Black Granite stems from the closure of quarries in China and Africa, making it an exceptionally sought-after option for its strength and versatility in applications such as countertops, flooring, and kitchen tops. Our strategically located leasehold mines from the Odisha government are:

- 1) Pali Village, Distt. Ganjam, with a mining area of 15.443 hectares, produces bluish-grey granite.
- 2) Potru Village, Distt. Malkangiri, covering 5.99 hectares, is dedicated to Jet Black Granite extraction.

We plan to export 40% of our finished goods to the Middle East and Southeast Asia. This is achievable due to our lower processing costs in India compared to European countries and our promoter's expertise in selecting top-quality handpicked marbles from the international market.

2. SIGNIFICANT ACCOUNTING POLICIES

Accounting Policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

2.2 Basis of preparation of financial statements

The standalone financial statements of Oriental Trimex Limited ("the Company") comply in all material aspects with Indian Accounting Standards ("Ind AS") as prescribed under section 133 of the Companies Act, 2013 ("the Act"), as notified under the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended and other accounting principles generally accepted in India.

The financial statements have been prepared under the historical cost convention on accrual basis and the following items, which are measured on following basis on each reporting date:

- Certain financial assets and liabilities that is measured at fair value.
- Defined benefit liabilities/(assets): present value of defined benefit obligation less fair value of plan assets.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability, if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

2.3 Functional and presentation currency

These financial statements are presented in Indian National Rupee ('INR'), which is the Company's functional currency. All amounts have been rounded to the nearest

lakhs, unless otherwise indicated.

2.3 Business combinations and goodwill

Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination are measured and recognised in accordance with the requirements of Ind AS 12, 'Income Taxes' and Ind AS 19, 'Employee benefits' respectively. Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of a bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets acquired and liabilities assumed, the difference is recorded as a gain in other comprehensive income and accumulated in equity as capital reserve. The costs of acquisition excluding those relating to issue of equity or debt securities are charged to the Statement of Profit & Loss in the period in which they are incurred.

2.5 Classification of Assets and Liabilities as Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset/liability is treated as current when it is:

- Expected to be realised/settled or intended to be sold or consumed in normal operating cycle;
 - Held primarily for the purpose of trading and manufacturing;
 - Expected to be realised/settled within twelve months after the reporting period, or
 - Cash and Cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period or there is no unconditional right to defer the settlement of the liability for at least twelve months
- All other assets/liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

The operating cycle is the time between the acquisition of the assets for processing and their realisation in cash and cash equivalents.

2.6 Property, Plant and Equipment (Fixed Assets)

Recognition and Measurement

Items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment loss, if any. The cost of assets comprises of purchase price and directly attributable cost of bringing the assets to working condition for its intended use including borrowing cost and incidental expenditure during construction incurred upto the date when the assets are ready to use. Capital work in progress includes cost of assets at sites, construction expenditure and interest on the funds deployed less any impairment loss, if any. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as a separate item (major components) of property, plant and equipment.

Subsequent Measurement

Subsequent expenditure is capitalised only if it is probable that there is an increase in the future economic benefits associated with the expenditure will flow to the Company.

Depreciation

Depreciation is calculated on Straight Line Method using the rates arrived at on the basis of estimated useful lives given in Schedule II of the Companies Act, 2013 except for the following which has been determined on the basis of technical evaluation.

Particulars	Useful Life
Plant and Machinery	15 Years
Vehicles- Car & Truck	8 Years
Furniture & Fixture	10 Years
Office equipment	5 Years
Computers	3 Years

Depreciation on additions to or on disposal of assets is calculated on pro-rata basis. Leasehold Improvements are being amortised over the period of 5 to 10 years.

Depreciation methods, useful lives and residual values are reviewed in each financial year end and changes, if any, are accounted for prospectively.

De-recognition

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

Leases

Operating Leases:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is (or contains) a lease if fulfilment of the arrangement is dependent on the use of a specific

asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership are transferred from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Company as a lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term, unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed. Contingent and variable rentals are recognised as expense in the periods in which they are incurred.

Lease Liability

The lease payments that are not paid at the commencement date, are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value as that of right-of-use asset in a similar economic environment with similar terms, security and conditions. Lease payments included in the measurement of the lease liability comprise:

- Fixed lease payments (including in-substance fixed payments) payable during the lease term and under reasonably certain extension options, less any lease incentives;
- Variable lease payments that depend on an index or rate, initially measured using the index or rate at the commencement date;
- The amount expected to be payable by the lessee under residual value guarantees;
- The exercise price of purchase options, if the lessee is reasonably certain to exercise the options; and
- Payments of penalties for terminating the lease, if the lease term reflects the exercise of an option to terminate the lease.

The lease liability is presented as a separate line in the Balance Sheet. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The Company re-measures the lease liability (and makes a corresponding adjustment to the related right-of-use asset) whenever:

- The lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the lease liability is re-measured by discounting the revised lease payments using a revised discount rate
- A lease contract is modified and the lease modification is not accounted for as a separate lease, in which case the lease liability is re-measured by discounting the revised lease payments using a revised discount rate.

Right of Use (ROU) Assets

The ROU assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses. Whenever the company incurs an obligation for costs to dismantle and remove a leased asset, restore the site on which it is located or restore the underlying asset to the condition required by the terms and conditions of the lease, a provision is recognised and measured under Ind AS 37- Provisions, Contingent Liabilities and Contingent Assets. The costs are included in the related right-of-use asset.

ROU assets are depreciated over the shorter period of the lease term or useful life of the underlying asset. If the company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. The depreciation starts at the commencement date of the lease.

The ROU assets are presented as a separate line in the Balance Sheet and details of assets are given ROU note under Notes forming part of the Financial Statement. The Company applies Ind AS 36- Impairment of Assets to determine whether a right-of-use asset is impaired and accounts for any identified impairment loss as per its accounting policy on 'property, plant and equipment'. As a practical expedient, Ind AS 116 permits

lessee not to separate non-lease components when bifurcation of the payments is not available between the two components, and instead account for any lease and associated non-lease components as a single arrangement. The Company has used this practical expedient.

2.7 Intangible assets

Intangible Assets (Other than Goodwill) acquired separately are stated at cost less accumulated amortization and impairment loss, if any. Intangible assets are amortized on straight line method basis over the estimated useful life. Estimated useful life of the software is considered as 5 years Amortisation methods, useful lives and residual values are reviewed at each financial year end and changes, if any, are accounted for prospectively.

An intangible asset is de-recognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the Statement of Profit & Loss when the asset is derecognised.

2.8 Non-current assets held for sale

Non-current assets are classified as held-for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition. Once classified as held-for-sale, intangible assets and property, plant and equipment are no longer amortised or depreciation.

2.9 Impairment of non-financial assets

At each reporting date, the Company reviews the carrying amounts of its non-financial assets (other than inventories and deferred tax assets) to determine whether there is any indication on impairment. If any such indication exists, then the recoverable amount of assets is estimated. Impairment loss in respect of assets other than goodwill is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised in prior years. A reversal of impairment loss is recognised immediately in the Statement of Profit & Loss.

2.10 Borrowing Cost

Borrowing costs directly attributable to the acquisition, construction of qualifying assets are capitalised as part of the cost of such assets upto the assets are substantially ready for their intended use.

The loan origination costs directly attributable to the acquisition of borrowings (e.g. loan processing fee, upfront fee) are amortised on the basis of the Effective Interest Rate (EIR) method over the term of the loan.

All other borrowing costs are recognised in the Statement of Profit & Loss in the period in which they are incurred.

2.11 Foreign currency transactions

- Foreign currency transactions are recorded at the exchange rate prevailing on the date of the transaction.
- Gains/losses arising out of fluctuation in the exchange rates are recognized in the period in which they arise.
- Monetary assets and liabilities denominated in foreign currency are translated at the relevant rates of exchange prevailing at the year end and the resultant gain or loss is recognized in the Statement of Profit and Loss, except in the case of gain where significant uncertainties exist in relation to the actual realisation.
- Premium / discount on forward exchange contracts (including options), which are not intended for trading or speculation purposes, are amortized over the period of the contract. There are no outstanding forward exchange contracts (including options) as at the Balance Sheet date.
- Any profit or loss arising on cancellation or settlement of forward exchange contracts (including options) is recognized as income or expense of the year.

2.12 Revenue Recognition :

The Company recognises revenue when it satisfies a performance obligation in accordance with the provisions of contract with the customer. Sales of products are recognized when the products are shipped and are stated inclusive of excise duty but net of sales tax, trade discounts and sales returns.

Revenue is recognized when no significant uncertainties exist in relation to the amount of eventual receipt. The Company generally follows mercantile system of accounting and all income and expenditure items having a material bearing on the financial statements are recognized on accrual basis. Interest incomes are recognised on an accrual basis using the effective interest method. Dividends are recognised at the time the right to receive payment is established.

2.13 Inventories

Inventories are valued at lower of cost and net realisable value except waste/scrap which is valued at net realisable value. Cost of manufactured finished goods and stock in process is determined by taking cost of purchases, material consumed, labour and

related overheads. Cost of raw materials, traded goods and stores & spare parts are computed on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale.

2.14 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less. For the purposes of the Cash Flow Statement, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

2.15 Provisions, Contingent Liabilities and Contingent Assets

Based on the best estimate provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event and it is probable ("more likely than not") that it is required to settle the obligation, and a reliable estimate can be made of the amount of the obligation at reporting date.

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote.

Contingent assets are not recognised in the financial statements but disclosed, where an inflow of economic benefit is probable.

2.16 Employees' Retirement and Other Benefits

Company's contribution to provident and other funds is accounted for on accrual basis and charged to Profit and Loss Account. Provident Fund is accrued on monthly basis and is deposited with the "Statutory Provident Fund". The Company's contribution is charged to the Statement of Profit and Loss Account.

The management has decided to not grant any leave encashment and the employees should avail of all leave entitled.

Gratuity liability is provided for on the basis of actuarial valuation. Actuarial gains and losses are recognized in full in the Profit and Loss Account for the period in which they occur.

Income Tax

Income tax expense comprises current and deferred tax. It is recognised in the Statement of Profit & Loss except to the extent that it relates to items recognised directly in Equity or in Other Comprehensive Income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax assets and liabilities are offset only if, the Company:

- a) Has a legally enforceable right to set off the recognised amounts; and B) Intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from initial recognition of goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date.

Minimum Alternate Tax

Minimum Alternate Tax (MAT) credit is recognized as an asset when there is convincing evidence that the Company will pay normal Income Tax during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit entitlement. The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT credit entitlement to the extent it is not reasonable certain that the Company will pay normal income tax during the specified period.

2.17 Miscellaneous Expenditure

Miscellaneous Expenditure shall be amortized over a period of five years from the year of the commencement of commercial production.

2.18 Events occurring after Balance Sheet date :

Significant events occurring after the Balance Sheet date have been considered in the preparation of financial statements.

2.19 Contingent Liabilities and Provisions

The Company makes a provision when there is a present obligation as a result of a past event where the outflow of economic resources is probable and a reliable estimate of the amount of the obligation can be made. A disclosure is made for a contingent liability when there is a :

- a) possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain events, not fully within the control of the Company;
- b) present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation ;
- c) present obligation, where a reliable estimate cannot be made.

2.20 Earnings per share :

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to the equity shareholders by weighted average number of shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or losses for the year attributable to the equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.21 Cash Flow Statement :

The Cash flow statement is prepared under "Indirect method" as set out in Accounting Standard-3 on Cash Flow Statements, whereby Profit/ (Loss) Before Extraordinary Items and Tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

2.22 Significant accounting estimates, judgments and assumptions :

The preparation of the Company's financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions which affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, including the disclosure on contingent liabilities.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the existing circumstances when the financial statements are prepared. The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates is recognized in the year in which the estimates are revised and in any future year that is affected.

In the process of applying the Company's accounting policies, management has made the following judgments which have significant effect on the amounts recognised in the financial statements :

I) Useful life of property, plant & equipment:

Determination of the estimated useful life of tangible assets and the assessment as to which components of the cost may be capitalized. Useful life of tangible assets is based on the life specified in Schedule II of the Companies Act, 2013, while Freehold land is valued at market value.

II) Defined benefit plan:

The cost of defined benefit plan and other post-employment benefits and the present value of gratuity obligation are determined using actuarial valuations, which entail making various assumptions such as determination of discount rates, future salary increases and mortality rate that may differ from actual developments in the future.

III) Allowances for uncollected accounts receivable and advances:

Trade receivables do not carry interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when the management deems them not collectable. Impairment provision is made based on assumptions about the risk of default and the judgment in making these assumptions are based on past history, existing market conditions as well as forward looking estimates at the end of each reporting period, that may differ from actual developments in the future.

IV) Allowance for inventories:

The management reviews the inventory age listing on a periodic basis. The review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete or slow moving item, based on past history, existing market conditions as well as forward looking estimates at the end of each reporting period, which may differ from actual developments in the future.

V) Contingencies:

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claims/litigation against the company and it is not possible to predict the outcome of pending matters with accuracy.
